# Op Streetweek/Cleansweep.

The MTF has both a planned (Street Weeks) and a reactive response (Individual Cases). These have (and continue) to identify individuals with serious or chronic needs who are not accessing services in a conventional manner and/or accessing multiple services at the same time.

- Analytically driven
- Focused Attention on identified areas
- Information Gathering and Shared Database
- Sustained On-Site Presence
- Engagement with Residents and Community Groups
- Joint Approach to Shared Problems – Property or People.
